**Exit sign, Emergency light Centralised power supply systems
Ceiling mounting, CPS, 30 m, IP20, Zinc die-cast, Anthracite,**

Modern zinc die-cast emergency exit sign/safety luminaire with wire suspension for recessed mounting in the ceiling. Escape and emergency routes can be identified on either one or two sides. In the event of power failure, duo technology means that the escape and emergency routes are illuminated by an additional LED.

It is part of the A series luminaire family, which provides solutions for any mounting and has won the German Design Award for its uniform, straight-line design.

Control and monitoring via [central power supply system](#). Planning certainty is provided by tool-free, variable use of the pictograms on site. A set of pictograms corresponding to DIN ISO 7010 (arrow to the right, left, up and down) is supplied as standard.
